## REUSABLE POLYPROPYLENE RESERVOIR

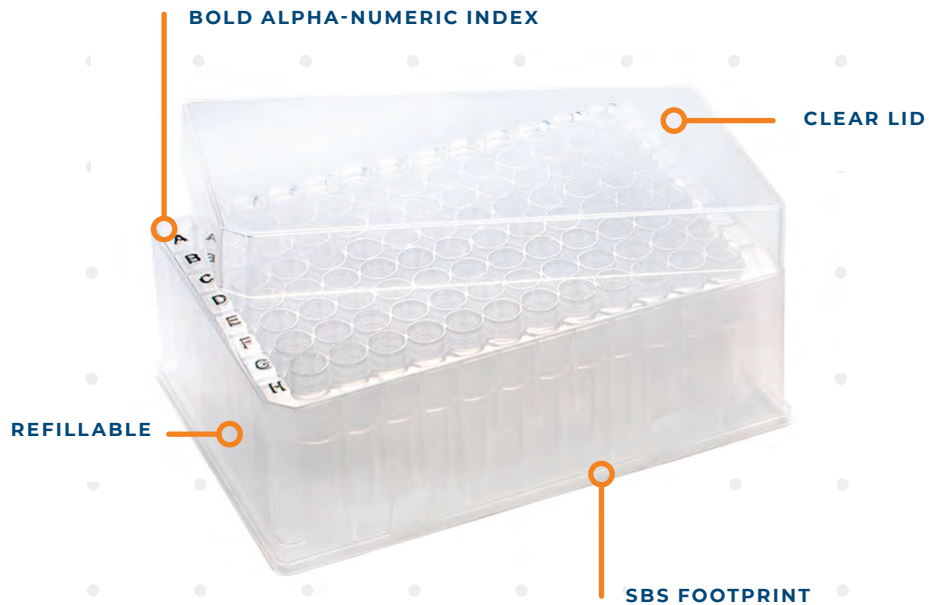

| Description  | Pack Size | Article No. | OFFER*           |
|--|-----------|-------------|------------------|
| <b>50/60 ml StarTub, PP Reservoir.</b><br>Non-sterile. V-shaped bottom.<br>Reusable. Autoclavable. | 10        | S4026-5806  | <b>CHF 16.35</b> |

# Microdilution tubes.

## 1.2 ml TUBES IN REUSABLE RACKS

Choose between individual tubes and 8- or 12-strips. These autoclavable, SBS footprint racks are ideal for use as a reaction vessel during automation or long term storage in your sample library. You can reuse the racks too! Tubes and caps are available separately for refilling the racks

## USE ME FOR:

- Storage
- Dilution
- Mixing
- Harvesting
- Culture assays
- Screening

# Plate centrifuge.

## YOU SPIN ME ROUND!

The plate centrifuge makes the safe and quick spin down of droplets and condensation very easy. Sealed plates are loaded vertically into the centrifuge, and surface tension keeps samples in place so there is no danger of spills. The plate centrifuge accepts all plates up to 25 mm high. An optional adaptor is available for centrifuging 48-well PCR plates and 0.2 ml PCR tubes or strips. Use before and after thermal cycling to increase PCR yield.

## FEATURES

- 2500 rpm / 500 x g
- Fits all plates up to 25 mm high
- Rapid start to stop

## Plate Centrifuge.

Art. No. N2631-0008

**CHF 795\***

\*Offer prices exclusive of VAT.  
Valid until 26.04.2024.

## USE ME FOR:

- Safe and quick spin down of droplets and condensation
- Spinning before and after thermal cycling to increase PCR yield

## ADAPTER PLATE

(Art. No. N2631-0018)  
is available separately which allows you to use the plate centrifuge with 48-well plates or PCR tubes or strips.

 buy [platecentrifuge](#) online

# The minicentrifuge.

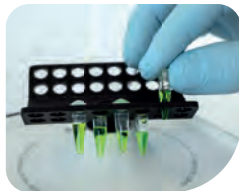

## AHEAD OF THE CURVE!

Ideal for all your quick spin-downs, the Starlab Minicentrifuge is not all about style, it also has substance! This is a compact and solid unit that delivers a quiet, smooth operation and a maximum speed of 6,500 rpm.

- Quick start on lid closure
- Magnetic lid lock
- One-touch STOP for fast braking and automatic lid release

Tube Rotor holds up to eight microcentrifuge tubes or eight conical or skirted screw cap microtubes

PCR Strip Rotor holds two, 0.2 ml 8-strips or 32 x 0.2 ml single tubes.

**QUICK START**  
just close the lid  
to start spinning!

### TipOne® REFILLS

As the next step in our journey to make science more sustainable, the **clear plastic packaging** on all TipOne® refills is now being made from **100% recycled plastic**.

Nothing else has changed!

- the same trusted tips
- the same reliable quality and usability
- all plastic packaging can still be recycled in the same way

Appearance wise, there is little difference between the old and new packaging, so look out for the labels on the lines already converted to the recycled plastic.

#EcolutionMovement

CLEAR PACKAGING NOW MADE FROM  
**100% RECYCLED PLASTIC**
